Description: Where do babies come from?It isnt unusual for new parents to be posed this delicate question by the time their child is just three or four. Some children develop this natural curiosity sooner, some later, but when questions about sexuality and reproduction inevitably arise, the wise parent will keep this delightful book on hand!Playful in style without...

Review: The classic first talk book. I bought this for my special-needs son, who is 12. Its meant for a younger child, but he is only able to comprehend the basics so I felt this would be the perfect way to introduce the subject, as Id attempted as just talking and it didnt seem to be sinking in. Basically, he is in middle school now, and although...
